THE JOURNAL

The Bulletin of Medical Sciences (ISSN: 2304-2354) is a peer-reviewed journal published by the Faculty of Medicine on behalf of the University of Medicine, Tirana.

Aims and scope

The Bulletin of Medical Sciences enables time-pressured physicians to stay abreast of key advances and opinion in biomedical sciences in order to support clinicians and related healthcare professionals in continuously developing their knowledge, effectiveness and productivity. The journal comprises balanced and comprehensive articles, addressing the most important and salient development in the biomedical sciences.

Structure and format

The Bulletin of Medical Sciences is a quarterly journal that comprises editorials, reviews, original articles, case reports, short reports, ideas and opinions, book reviews, perspectives, seminars, symposiums and mini-symposiums, ethics and rights, health care policy and management, practice guides, and CME quizzes. The structure of each edition comprises categories that are determined by the Editor and reflects the views of the Editorial Board.

Editorial expertise

The Editorial Board consists of leading authorities in the medical sciences and comprises different fields of the biomedical sciences. The Peer reviews are conducted by experts that are appointed for their experience and knowledge of specific topics.

Important notice for authors

All the manuscripts must be submitted to the Editorial Office through electronic post (E-mail: redaksiafm@yahoo.com). Please check the last page of each edition _____ "Instruction for Author".
